An abstract painting with horizontal layers of color. The top layer is dark green with some white and brown streaks. Below that is a layer of brown and tan. The bottom layer is a deep, textured purple. The overall effect is that of a cross-section of earth or a layered landscape.

# UNDER THE LAYERS OF THE BURNT CITY...

## زیر لایه‌های شهر سوخته ... Under the layers of the burnt city

هنگامی که آتش سپید و نیلگون هسته‌ی زندگی، در زیر لایه‌های شهر سوخته، از جادوی بیداری و راستی پدیدار می‌شود، آگاهی پیروز و شر از بین می‌رود و تکامل نهایی بشر اتفاق می‌افتد.

سیاوش حاتم
